

Nov. 26 – Jan. 5

Journey to the North Pole (JNP) is Mississippi Children's Museum's exclusive holiday experience. It offers all guests a ticket to an engaging experience, with some great new additions this year.

NEW THIS YEAR!

Interactive clock tower with moveable gears
(and a toddler slide!)

Reindeer Rink for sock skating
(students must bring socks for this experience)

Child-size post office
(with a package sorting station and conveyor belt
for guests to sort and ship packages)

These new experiences are being added to our Journey to the North Pole experience which includes a train built for students to create their own journey, our holiday train table with toy trains, letter writing station where students can pen their letter to Santa, our popular Snowflake Slide (students MUST be at least 36" tall for this experience) and Santa's Stable. Also available for field trips groups is an option for students to experience an exclusive reading of a favorite holiday book and to make a holiday ornament to take home.

Appropriate for Prekindergarten – 5th graders.
