

ACT[®] Ready by MasteryPrep

2020-21 Pilot Program for Selected Mississippi High Schools

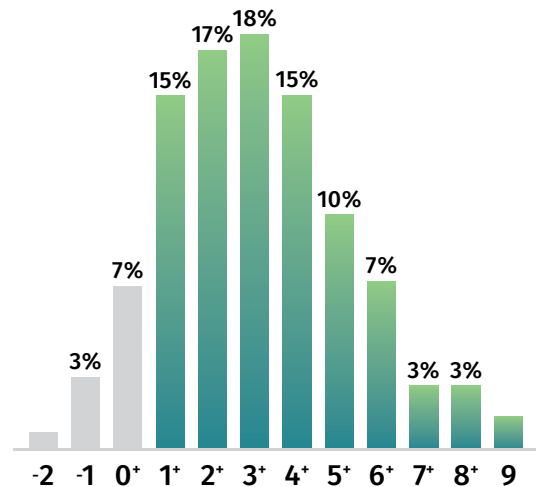

BETTER ACT SCORES IN A BLENDED LEARNING ENVIRONMENT

Each year, MasteryPrep helps over 175,000 students improve their ACT scores, including over 10% of all juniors in Mississippi public schools.

MasteryPrep students experience average ACT score gains of 4+ points across all subject areas.

This year, funding from the MS legislatures will allow MasteryPrep to provide its program to up to 10,000 high school students in MS public schools at no cost to the students or their schools.

Each participating student will receive online access for the full school year and for **all** four subject areas—**English, Math, Reading, and Science**.

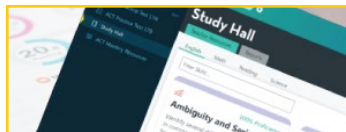

YOUR SCHOOL'S ACT PREP PROGRAM CAN INCLUDE:

TRUSCORE ACT PRACTICE TESTING

Up to 9 practice tests with video feedback.

ACT STUDY HALL

Online, adaptive prep.

ACT SNAP COURSE

5-minute, bite-sized lessons for better ACT scores.

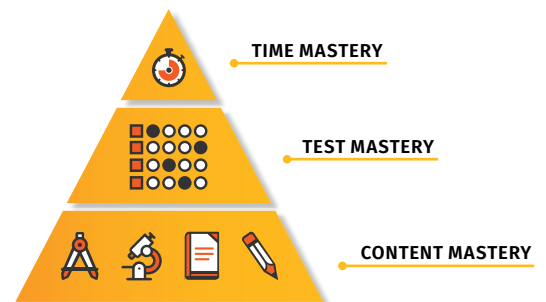

ACT BOOT CAMP

Live ACT prep workshops. Better scores in one day.

Programs will be tailored to the needs of the students at your public high school.

Our ACT prep system has been built to engage and succeed in a blended learning environment. It is proven to help students improve in time management, test-taking skills, and content mastery.

If you are interested in providing these blended learning supports for your teachers and students at your public high school, please contact Chad King, chad@masteryprep.com by November 1st for additional details.
