

MDE TRAINING ALERT ► **Text Complexity**

The Mississippi Department of Education is excited to announce an opportunity to receive professional development on the first key shift in the Mississippi College- and Career- Readiness Standards for English Language Arts. This training, including both synchronous (live) and asynchronous (remote) work will focus on Shift 1: Text Complexity. Participants will complete four hours of online work through Canvas followed by a 75-minute Zoom session to debrief on the new information learned. All three aspects of the text complexity triangle (quantitative analysis, qualitative analysis, and reader/task) will be covered fully, and educators will be equipped to make better complex text selections for their students. The schedule below will be utilized.
