

U.S. CENSUS BUREAU

# 2021 DATA SUMMIT SERIES

MAY / 2 PM EST  
12 / 1 PM CST

## Data User Meter

*This session is intended for the novice data user with little or no prior data experience, but seeks to better understand how to use data to transform their communities.*

**United States**  
**Census**  
Bureau  
Atlanta Region

## Statistics in Schools — Bringing Census Bureau Data to Classrooms

You are Invited to join the U.S. Census Bureau's **2021 Data Summit Series**. Designed for the novice data user, the series will present a high-level overview of several data products and demonstrate how they can be used to assist organizations and businesses identify data-driven solutions to challenges.

This webinar will demonstrate the FREE resources that the Statistics in Schools (SIS) program offers to help K-12 teachers use real-life data in the classroom. Learn about the easily accessible materials such as monthly fun facts, warm up activities, kid friendly state facts and more that can enhance the statistical literacy of their students. At the conclusion of this session you will:

- Have an increased awareness of the vast data products available through the U.S. Census Bureau
- Be better equipped to utilize some of the free on-line tools available on [census.gov](https://www.census.gov)
- Have resources and toolkits to assist with navigating data available through [census.gov](https://www.census.gov)
