### Where

Online Training

### Greetings!

We are excited to offer our Early Childhood PBIS Tier 1 training online via Canvas - our NEW REACH MS virtual professional development format!

This 10-module online training will provide participants the opportunity to learn about building relationships and components of high quality supportive early childhood environments. Topics discussed include fostering connections, culture, behaviors that push our buttons, physical classroom layout, environmental cues, learning centers, outside play, schedules, routines, transitions, group activities, directions, expectations and rules, the Behavior Incident Reporting System (BIRs), and classroom management systems.

This is a self-paced training via recordings and activities. Participants will be asked to complete a pretest, questions/activities, and a posttest.

CEUs (1.1) and SEMIs (5) have been approved.

Prior to the training, you will receive an email that will provide more specific details and will include the information you'll need to access the REACH MS Canvas website. The training opens on Monday, October 18, 2021, and closes on Monday, November 22, 2021.
