Long Beach High School  
Gymnasium  
300 East Old Pass Road  
Long Beach, MS**

## Why Long Beach?

At the beginning of each school year, we ask our LBSD faculty and staff to stand up if they were alumni of our district. When a large number of our Bearcat family stand up, that is a true testament to what we offer in our schools and community. We continually produce and recruit the best of the best, and it is evident throughout our district as the Long Beach Bearcats are something very special.

**Dr. Talia Lock, 17 years in education  
Superintendent Long Beach School District**

The kids! The kids in LB love being Bearcats. Their energy and love for their city and school make it an exciting atmosphere. I truly believe the environment is a positive one, and we could all use a positive environment during these trying times.
