Conference Learning Objectives

- Participants will outline strategies in helping individuals who are blind or visually impaired become more well-rounded and self-sufficient.
- Participants will demonstrate an understanding of three or more specific techniques or resources to bridge gaps in a variety of domains (i.e., employment, social, educational) for persons who are blind or visually impaired.
- Participants will identify nine fundamental areas known to have a lifelong impact for individuals with blindness or low vision.

Target Audience

Parents, Students with Visual Impairments, Counselors, Special Educators (Transition Coordinators, Paraprofessionals, Teachers), Certified Vision Rehabilitation Therapists, Occupational Therapists, Teachers of the Visually Impaired, Orientation and Mobility Specialists, Certified Low Vision Therapists, School Administrators, Veterans, Employers, Certified Assistive Technology Instructional Specialists, Social Workers, Visual Impairment Services Team Coordinators, and Advocates

Continuing Education Information

We are in the process of obtaining approval for this Conference as a Continuing Education Learning Event (12-13.75 hours) for the following professions: ACVREP, Mississippi Board of Licensure for Occupational **Therapy**, CRCC, and MS Educators.

For credit of any kind, registrants are expected to attend every session.
