

Phonics for Reading®

It's Never Too Late to Learn to Read: Welcome to the New Edition

Wednesday, May 1, 2024 | 4–5 p.m. ET | via Zoom

Join literacy expert Dr. Anita Archer to celebrate the launch of her new and enhanced edition of *Phonics for Reading*.

Phonics for Reading ©2024–2025 improves engagement and support for students in Grades 3–12 while maintaining the program's streamlined focus on decoding that has helped so many students rapidly gain the skills and confidence they need to become fluent readers.

Archer will be our guide as we tour the new edition of this beloved program, previewing the updates that were made based on feedback from educators and leveraging the newest research into effective reading intervention.

Highlights include:

- Engaging decodable texts that support comprehension
- Skills transfer to grade-level reading with Challenge Texts
- More practice and progress monitoring
- Improved support for teachers
