

Spring 2026 M³ Regional Math Trainings

The MDE Office of Curriculum and Instruction- Division of Mathematics Coaching is excited to announce our upcoming **Spring 2026 M³ Regional Math Trainings**! These dynamic, in-person sessions are designed to empower mathematics educators, administrators, and curriculum leaders with high-impact instructional strategies, data-driven tools, and collaborative learning experiences.

Whether you're looking to strengthen your content knowledge, explore innovative practices, or connect with fellow math educators, this is the perfect opportunity to learn, grow and engage.

What to Expect:

- **Engaging All Tiers of Learners:** Participate in an interactive session focused on proven instructional approaches to meet the needs of learners across all tiers.
- **Engagement Through Manipulatives & HQIM:** Explore innovative methods for incorporating manipulatives and activities from the High-Quality Instructional Materials to foster student discourse and active participation.
- **The Eight Mathematical Practices: From Posters to Practice** Take an in-depth look at how the 8 Mathematical Practices can be effectively integrated into today's classrooms, supported by concrete, classroom-ready examples.

Locations & Dates:

- January 27, 2026: [\[Register here for the Greenville Training\]](#)
